

pommeq

Munnekezijl, 10-08-2026

Dear customer, business partner or supplier,

I am writing to inform you of an important development at Pommeq.

After more than 30 years in the agricultural industry, I have made the decision to sell my business. Pommeq has been acquired by Peterse Mechanisatie of Uithuizen.

Peterse will continue all of Pommeq's activities without interruption and, where appropriate, will further expand the company's product offering. The high level of service you have come to expect from Pommeq will remain unchanged.

In addition, our container loading and international shipping of agricultural machinery will continue as an integral part of the business.

Following an exciting, intensive and rewarding preparation period of almost eighteen months, I am delighted to be passing the company on to such capable and trusted hands. Marcel Peterse has been a key player in agricultural mechanisation throughout the northern arable farming region for many years. The acquisition of Pommeq will further strengthen Peterse's expertise, service capabilities and geographical reach.

To ensure a seamless transition, I will remain involved with the company for the foreseeable future, working behind the scenes to support the handover of the business and its ongoing activities.

Finally, I'd like to thank you for the trust you've placed in me. It's been a pleasure working with you, and who knows – perhaps our paths will cross again in the future.

With best regards,

Beeno Oldenhuis
